ChemResearch Corporation Recognized by Workers Comp Carrier as "Best of the Best"

ChemResearch Corporation (CRC Surface Technologies) receives the CopperPoint Mutual Insurance Company award as one of the "Best of the Best" companies in Arizona for workplace safety. CopperPoint Mutual Insurance Company is Arizona's premier provider of workers compensation insurance. CRC was 1 of 100 honorees out of more than 40,000 CopperPoint customers recognized for its workplace safety efforts in 2015. James Burriss, CRC President & CEO commented, "We have won the award 5 out of the last 8 years....an incredible record for our industry and the worker comp code we operate under. If the award was based on workers comp code performance, we would have 8 of these beautiful crystal pyramids."

Tim Putnam, VP & CFO and James Burriss, President & CEO

Best of the Best Criteria

Annual Premium: > \$50,000
E-Mod Factor: < .80
Loss Ratio: < 25%

Loss Time Accidents: 0
CopperPoint Customer: 3+ continuous years
Drug & Alcohol Free Program

"Our Best of the Best award recognizes the outstanding efforts of our safest customers," said Don Smith, CopperPoint Mutual President & CEO. "We often say safe companies save money, but the bottom line is solid safety policies and practices in the workplace save lives. When every worker can go home safely to their families at the end of their workday, everyone wins."

About CRC
